PROFESSIONAL SUMMARY

Pre-final year B.Tech student in AI & Data Science with a strong academic record and industry experience spanning data analysis, cloud AI deployment, and campus leadership. Skilled in Python, SQL, and ML frameworks, with a track record of delivering measurable outcomes across predictive modeling, NLP, and automation projects.

EDUCATION

RP Sarathy Institute of Technology, Salem

B.Tech in Artificial Intelligence and Data Science | CGPA: 8.51/10.0 | Sep 2023 – Sep 2027

Fatima Girls Higher Secondary School, Salem

Higher Secondary Certificate (12th) | Percentage: 75.5% | 2023

Secondary School Leaving Certificate (10th) | Pass (COVID-19 Batch) | 2021

PROFESSIONAL EXPERIENCE

- **InfosysSpringboard | AI&DataAnalysisIntern(Virtual) | Jan2026–Feb2026**
Executed EDA & predictive modeling in Python/SQL to enhance BI decision frameworks.
Developed optimized AI models to streamline data-driven business insights.
- **Google | Student Campus Ambassador (Hybrid) | Sep 2025 – Jan 2026**
Led tech community of 2,000+ students through workshops and mentorship initiatives.
Facilitated 20+ sessions on various domains.
- **AICTE | IBM Cloud & AI Intern (Virtual) | Jul 2025 – Aug 2025**
Deployed cloud AI models, reducing latency by 30% via IBM Cloud optimization.
Automated ML workflows to improve scalability and operational throughput.

TECHNICAL PROJECTS

- **CustomerBehavior& Trends Analysis | [customer-behavior-analytics]**
Delivered 89% accurate predictive insights via scalable ETL pipeline for churn mitigation.
- **MovieRecommender System | [Movie-Recommender-System-Data-Analysis]**
Engineered high-performance content-based recommender using NLP & Cosine Similarity optimization.
- **AURA: AI-Powered Threat Analytics Engine | [AURA-Threat-Engine]**
Builtreal-time ML threat detector with automated incident response & security workflow automation.

SKILLS

- **Technical:** Python, Java, AI/ML, SQL, PostgreSQL, Power BI, AWS, Azure, Git, Docker, Data Visualization
- **Professional:** Project Management, Stakeholder Engagement, Strategic Planning, Team Leadership, Data-Driven Decision-Making, Communication

CERTIFICATIONS

- OracleDatabase@AWS Architect Professional | Oct 2025
- Understanding AI and LLMs as a Network Engineer (Cisco) | Oct 2025
- Professional Certificate in SQL and SQL for Data Analysis | Sep 2025
- Generative AI and Predictive AI in the Cloud | May 2025

Date : 2 .05.2026
